

# TRADITIONAL HOME

HOLIDAY 2005

on the table

festive,  
fresh &  
fabulous

The season sparkles with colors that surprise.

Eileen Kathryn Boyd loves to splurge—on color. The New York-area interior designer's appetite for striking hues is satisfied by unexpected combinations that have a youthful and energetic verve. In her dining room, she stamped her purple-and-green signature palette on a formal table that serves up a lavish and glamorous presentation for any holiday gathering. ➤
